WELCOME

Valex Polypack LLP is a trusted manufacturer of premium-quality PP woven packaging solutions, committed to delivering durable, reliable, and cost-effective products for diverse industrial applications. With modern manufacturing facilities, advanced technology, and a customer-focused approach, we provide packaging products that meet the highest standards of strength, quality, and performance.

Serving industries such as agriculture, fertilizers, cement, food grains, chemicals, minerals, and logistics, we offer customized packaging solutions designed to ensure safe storage, efficient transportation, and long-lasting protection. Our commitment to innovation, quality assurance, and timely delivery has made us a dependable partner for customers across domestic and international markets.

## VISION

To become a globally recognized leader in PP woven packaging by delivering innovative, sustainable, and high-quality packaging solutions that create lasting value for our customers, employees, and business partners.

## MISSION

- » Deliver premium-quality PP woven products with consistent performance.
- » Continuously invest in advanced technology and manufacturing excellence.
- » Build long-term relationships through reliability, integrity, and customer satisfaction.
- » Promote sustainable manufacturing practices and responsible resource utilization.
- » Ensure timely delivery while maintaining international quality standards.

10+ YEAR  
EXPERIENCE

20 TONE CAPACITY  
PER DAY

200+ HAPPY  
CUSTOMERS

## OUR VALUES

- Customer First
- Quality Without Compromise
- Integrity & Transparency
- Innovation & Continuous Improvement
- Teamwork & Collaboration
- Sustainability
- Reliability
- Excellence in Service

## PP WOVEN FABRIC ROLLS

## PP WOVEN FABRIC ROLLS

### Features

- » Premium Quality Woven Fabric.
- » High Tensile Strength.
- » Lightweight & Durable.
- » Moisture & Dust Resistant.
- » Tear & Wear Resistant.

### Customization Options

- » Available In Multiple Colors.
- » Custom Size & Length Available.
- » Cost Effective & Long Lasting.

## PP WOVEN SACKS / BAGS

## PP WOVEN SACKS / BAGS

### Features

- » High Tensile Strength
- » Heavy Duty Construction
- » Tear Resistant
- » Durable & Long Lasting
- » Water Resistant
- » Moisture Protection
- » Excellent Load Bearing Capacity
- » Strong Stitching
- » Lightweight Design
- » Reusable
- » Recyclable & Eco-Friendly
- » Breathable Fabric (Unlaminated)

## BOPP LAMINATED BAGS

## BOPP LAMINATED BAGS

### Features

- » High Tensile Strength
- » Heavy Duty Construction
- » Tear Resistant
- » Durable & Long Lasting
- » Excellent Load Bearing Capacity
- » Strong Stitching
- » Lightweight Design
- » Reusable
- » Recyclable & Eco-Friendly
- » With Creative & Attractive Design

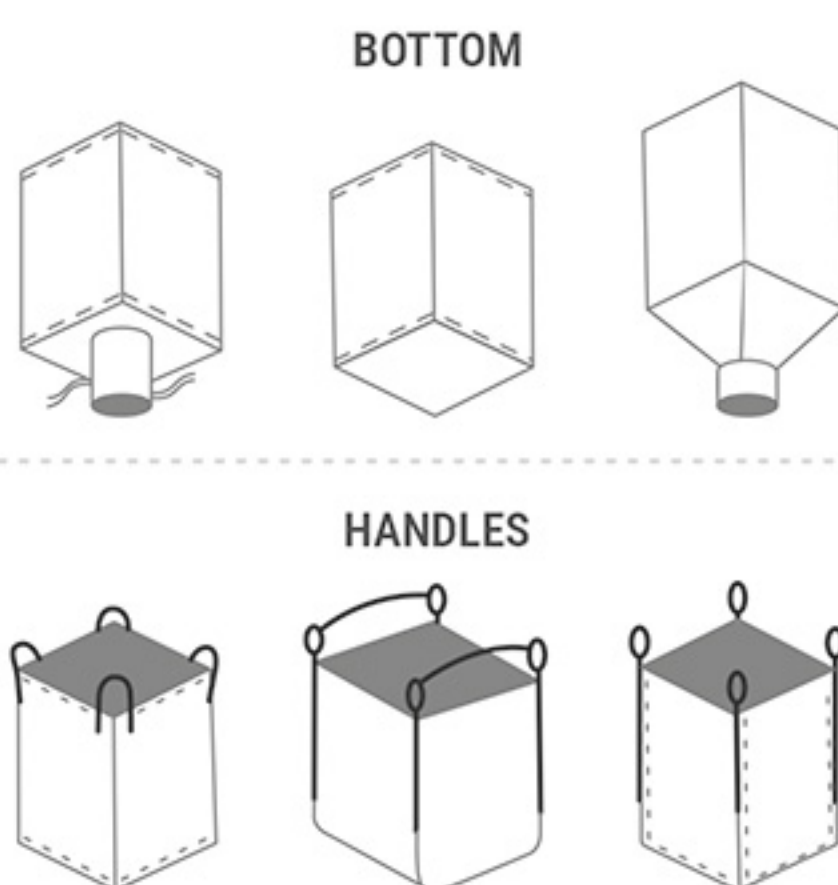

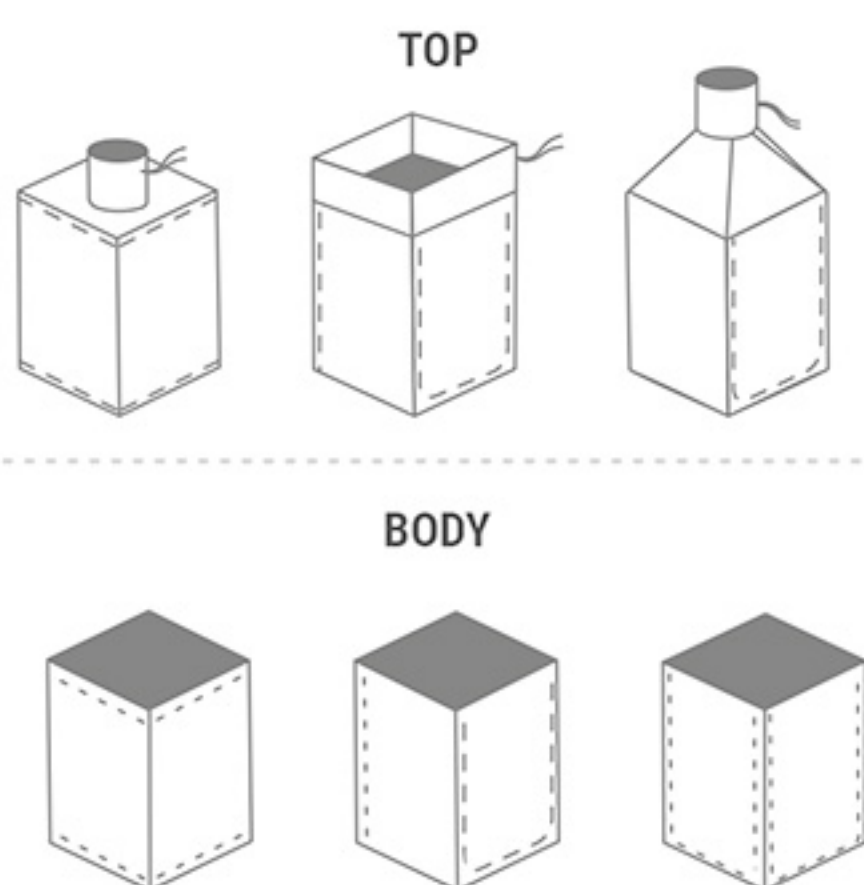

## PRODUCT RANGE

## FIBC (FLEXIBLE INTERMEDIATE BULK CONTAINERS)

## FIBC (FLEXIBLE INTERMEDIATE BULK CONTAINERS)

### Features

- » High Load Bearing Capacity
- » Heavy Duty Construction
- » High Tensile Strength
- » Tear Resistant
- » Durable & Long Lasting
- » UV Stabilized
